ITX Launches New Website; Offers Web Design

Fort Collins, Colorado, October 21, 2008 – Information Technology Experts, Inc. (ITX) today announced they launched their new website at www.itxfc.com and now offer web design as a new product. Recently hired web designer, Troy Clark, worked closely with ITX staff to completely overhaul the website.

“We’re excited about our new site and offering the front-end web design is the next logical step to compliment the back-end development that we already do,” said Mai Tran, ITX President & CEO.

About ITX

ITX is northern Colorado’s leading full-service IT support provider. Founded in 1996 by Mai Tran and Bruce Hottman, ITX has 140 employees and posts a 31% annual average growth rate. ITX serves over 200 commercial and government clients from headquarters in Fort Collins, Colorado, and client locations nationwide. ITX services include: network design & administration, VoIP phone systems, software & web development, server & PC support, network security, and managed services.
