ITX to install VoIP at Eldon James, Corp. and EJ Biomed

Fort Collins, Colorado, January 22, 2007 – Information Technology Experts, Inc. (ITX) today announced that Eldon James, Corp. of Loveland has hired ITX to implement a new ShoreTel Voice over Internet Protocol (VoIP) phone system for 30 employees located at their Loveland site and new downtown Fort Collins site at Cortina lofts.

In addition to VoIP, ITX will also provide managed firewall services and a closed-circuit web-based TV solution that will enable the owners to monitor the manufacturing floors from anywhere in the world.

“We were seeking to upgrade our traditional PBX system to support the communications needs of our growing business,” said Marcia Sampson, President of Eldon James, Corp. “ITX presented the ShoreTel VoIP system to us and we chose it based on ease of use, manageability, and cost.”

About ITX

ITX is northern Colorado’s leading full-service IT support provider. Founded in 1996 by Mai Tran and Bruce Hottman, ITX has 120 employees and posts a 31% annual average growth rate. ITX serves over 140 commercial and government clients from offices in Fort Collins, Denver, Washington, D.C., and client locations nationwide. ITX core competencies include: network administration, database & software development, network security, hosting, and VoIP/telecommunications.
