## MANAGED SERVICES

Experience the next generation of I.T.

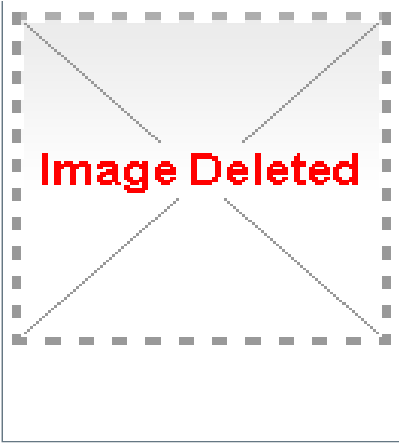

**What is Managed Services?** It's continuous, automated monitoring of your PCs and servers. It ensures that your network, servers, PCs, firewall, and applications function effectively.

### Why should I care?

- **Complete asset inventory**
  - Know exactly what HW & SW is installed
- **Protect your IT investment**
  - Enforce policies & compliance
- **Executive Monthly Report**
  - Review performance statistics
- **Constant network monitoring**
  - Avoid downtime & lost productivity
- **Advanced security**
  - Anti-SPAM, intrusion detection, deep packet inspection

To learn more about our new Managed Services product and pricing, please attend our **FREE LUNCH 'n**
